Dubai, UAE

DURATION

5 Days

DATES

22 - 26 August 2021

PRICE

US\$4,000 per attendee including training material/handouts, morning/afternoon coffee breaks and Lunch buffet.

TRAINING INTRODUCTION

Since its inception in the early 1990's, the field of supply chain management has become tremendously important to companies in an increasingly competitive global marketplace. The term supply chain refers to the entire network of companies that work together to design, produce, deliver, and service products. In the past, companies focused primarily on manufacturing and quality improvements within their four walls; now their efforts extend beyond those walls to encompass the entire supply chain.

Today, warehousing play a critical role in assuring high level of customer service and overall logistics performance. Warehousing minimize the effective of supply chain inefficiencies, improve logistics accuracy and inventory management and allow product accumulation, consolidation and customization. In a world-class warehousing the cost of warehousing are minimized while improving customer service. The principles and systems described here are common demonstrate of world-class warehousing.

Come and experience our activity-based training course that ensures all participants understand the importance of warehousing. Participants will also have the chance to learn latest, effective logistics management and warehouse system in the manufacturing industry.

TRAINING CERTIFICATE

MAESTRO CONSULTANTS Certificate of Completion for delegates who attend and complete the training course

METHODOLOGY

Our courses are highly interactive, typically taking a case study approach that we have found to be an effective method of fostering discussions and transferring knowledge. Participants will learn by active participation during the program through the use of individual exercises, questionnaires, team exercises, training videos and discussions of “real life” issues in their organizations. The material has been designed to enable delegates to apply all of the material with immediate effect back in the workplace.
