TRAINING TITLE

SECURITY RISK ASSESSMENT AND MANAGEMENT

VENUE

Cairo, Egypt

DURATION

5 Days

DATES

26 FEBRUARY – 1 March 2024

PRICE

\$5,250 per attendee including training material/handouts, morning/afternoon coffee breaks and Lunch buffet.

TRAINING INTRODUCTION

The Security Risk Assessment and Management course is a dynamic and intensive program designed to empower participants with the knowledge and skills required to systematically identify, evaluate, and manage security risks within organizational contexts. Through a combination of theoretical insights, practical exercises, and case studies, this course aims to provide a holistic understanding of security risk management and its applications in diverse sectors.

TRAINING OBJECTIVES

At the end of this course, the Trainee will be able to:

- Comprehensive Understanding: Develop a comprehensive understanding of security risk assessment principles and methodologies.
- Risk Identification and Analysis: Equip participants with the skills to identify and analyze security threats, vulnerabilities, and potential impacts.
- Effective Mitigation Strategies: Learn to develop and implement effective security risk mitigation strategies, including crisis management and response plans.
- Best Practices: Familiarize participants with industry best practices in security risk management to enhance organizational resilience.
- Practical Application: Provide hands-on experience through practical exercises, case studies, and real-world simulations.

Participants will learn the course with a solid foundation in security risk assessment and management, equipped with the skills and knowledge needed to contribute effectively to the security resilience of their organizations.

TRAINING AUDIENCE

This course is tailored for security professionals, risk managers, business continuity planners, and individuals responsible for ensuring the safety and security of organizational assets. It is also suitable for executives and leaders seeking a comprehensive overview of security risk management to make informed decisions and implement effective risk mitigation strategies.

- Applying risk management concepts to real-world scenarios
- Interactive case studies from various industries
- Group exercises and simulations
- Review and discussion of best practices

TRAINING CERTIFICATE

MAESTRO CONSULTANTS Certificate of Completion for delegates who attend and complete the training course

METHODOLOGY

Our courses are highly interactive, typically taking a case study approach that we have found to be an effective method of fostering discussions and transferring

knowledge. Participants will learn by active participation during the program through the use of individual exercises, questionnaires, team exercises, training videos and discussions of “real life” issues in their organizations. The material has been designed to enable delegates to apply all of the material with immediate effect back in the workplace.
